GREEKS DRIVEN BACK

Compelled to Retreat After a Six-Hour's Battle.

TYRNAVOS TAKEN BY THE TURKS.

Larissa Has Also Been Captured by the Turkish Troops—Rejoicing in Constantinople—The Greeks Have Been Victorious Near Arta—They Have Not Given Up the Cause—Latest From the War.

ATHENS, April 26.—The Turks at noon Saturday strongly attacked Mati, which was defended by General Mastaphos' brigade. After six hours' fighting a council of war, presided over by the crown prince, decided to order the return of the Greek forces from Tyrnafos. The retreat was effected in good order.

About 3 o'clock Saturday afternoon the officials in charge of the telegraph office at Larissa, observing a cloud of dust raised by the advancing cavalry of the Turks, asked leave to dynamite the office. He was directed to leave it. Since that time the Larissa office has made no response to calls from Athens.

A dispatch from Reveni says that Edhem Pasha, on learning that the Greeks had been ordered to fall back, endeavored to deliver a crushing blow with considerable force which had been resting 36 hours, and succeeded in breaking through the Greek lines in several places.

Prince Constantine, the Cretan prince and commander-in-chief of the Greek forces in Thessaly and his staff have reached Pharsalos, where the Greek troops are being gathered together. Larissa has been completely evacuated by the Greeks, who spiked their guns in position, and carried away all of the movable cannon and ammunitions of war.

Naturally all sorts of reasons are advanced to explain why the Greeks retreated, the more candid admitting that the Turks were too strong. It is also pointed out that the Turkish cavalry did much to turn the scale in favor of Edhem Pasha.

The Greek government has decided to persevere in the struggle and to resist the further advance of the enemy with greater energy than has hitherto been displayed. It is officially declared that the new line of defense is far stronger than the frontier where the Turks gained their advantage in consequence of the superiority of their positions.

The Greek fleet is also the subject of many curious reports, one of which asserts that the eastern squadron has bombarded Dedegach. It is known that the Turks Saturday ordered that all the lanterns in the lighthouses on the Gulf of Salonica should remain unlighted. Five ironclads and four torpedo boats are operating along the coast between Platamona and Katerina. The British and French subjects residing at Volo have addressed their respective envoys here, begging for the dispatch of warships to be sent to Volo to protect them. The envoys have wired to their governments and to the admirals at Canea, but at Athens it is considered unnecessary to comply with the request as an attack upon Volo is no part of the Turkish program.

A dispatch from Arta reports that the Greeks have captured Plaka. Another dispatch says that Plaka and Pentepigadia have been occupied by the Greeks after being abandoned by the Turks, who have also abandoned Kaletzia. Colonel Manos in force, has advanced beyond Pentepigadia en route to Janina. It is reported at Arta that a rising has occurred in the interior of Epirus.

Colonel Commandouros, with a battalion of 1,200, engaged 2,500 Turks at 5:30 p. m. Saturday on the plain in front of Pentepigadia. The battle lasted until 7:30 in the evening. The result is not yet known here, though it is understood that the Greeks lost 150 killed and wounded. Colonel Commandouros had no artillery.

Colonel Manos has returned to Arta with the Third division. The Second brigade, under Colonel Bozars, is 20 kilometers from Arta. Its forward movement is reported interrupted.

A report has reached here that a Turkish force of 12,000 having pushed its way through the passes at Viodemeros, Analipsis, Nezeros and Rapsani, has descended on Derli. The Greeks have retreated to Makrychori. It would appear, however, that the position at Reveni itself and Boughasi is unaltered. The Greeks, as a result of the orders of Crown Prince Constantine, stopped just short of seizing Damasi.

King George means to go to the front and to make a decided stand at Pharsala, which was the line of defense advised by General Vosseur and some members of his staff from the very beginning.

The Greeks have destroyed the railway from Larissa to Volo.

It is reported that the Greeks have arrived in the vicinity of Janina.

LAST WEEK OF THE WAR.

The Powers Are Already Moving to Intervene and Suggest an Armistice.

LONDON, April 26.—What seems likely to be the last week of the war has been entered upon. It is difficult

from the tangle of conflicting telegrams to understand the exact position of affairs.

Following the Greek defeat at Larissa, London opinion is almost unanimous that the end is in sight, and this view is probably shared by the powers, as they are already moving to intervene.

It is believed that intervention will first take the form of a suggestion of armistice, to which the combatants would no doubt agree. For the past 24 hours the British foreign office has been in close communication with the other members of the European concert, Great Britain suggesting that the time has now arrived for them to act. The French, German and Italian governments have already responded, offering to agree, though the German government adds as a condition, that it will be necessary to enact a pledge from Greece to obey the mandate of Europe when this mandate is again given.

The British foreign office believes that Greece will give this pledge, as the disasters which have overtaken her have demonstrated that Turkey still possesses a formidable fighting machine, a fact which must have a sobering effect upon the popular demand for war at Athens, and which will permit the Greek nation to climb down without disgrace, after a superb vindication of the personal courage of the Greek troops and a gratifying demonstration of Hellenic patriotism.

If the Greeks listen to reason and arguments pressed at Athens and Russia at Constantinople, it is not improbable that a decision will be reached early this week.

THE BATTLE KEPT UP.

The Plains of Thessaly Presents a Lurid Spectacle of Burning Buildings.

MILOUNA, April 26.—News has reached here that the Greeks have evacuated Kritiri. The Turks captured three Greek villages Saturday evening after a spirited attack under cover of artillery.

For a greater part of Friday a severe artillery duel was maintained, the Turkish fire being well directed and the reply of the Greeks energetic to begin with, but finally becoming feeble.

The plain of Thessaly presents a lurid spectacle. Through a heavy cloud of smoke the flames of many burning houses are visible. These have been fired in order to render certain military positions more secure.

The Turks are comfortably installed on the Greek Tentsin plain. One can now hear a sustained firing from the direction of Skompu.

NEWS FROM SALONICA.

Sixteen Battalions of Turkish Troops Will Concentrate There.

SALONICA, April 26.—Osman Pasha arrived here Saturday evening and was received with great enthusiasm. He went forward at once to the scene of conflict.

It has been decided to concentrate here a Turkish reserve division of sixteen battalions. Eleven have already arrived.

During the Greek bombardment of Leftokarya, a shop belonging to a British subject, was destroyed. The consuls have met to consider what steps should be taken.

Greek subjects here, on agreeing to place themselves under the Turkish authorities upon certain conditions, will be allowed to remain.

REJOICING AT CONSTANTINOPLE. Dispatches From the Front Posted Up All Over the City.

CONSTANTINOPLE, April 26.—The triumph of the Turkish arms has caused the liveliest satisfaction here. The following telegram from Edhem Pasha is posted everywhere:

"Larissa is occupied by the cavalry of the imperial army. The Hellenic troops fled in disorder, abandoning a large quantity of arms and ammunition."

This has been put up as a bulletin in many places, while the people are also reading Edhem Pasha's dispatch announcing his possession of a strategic position in front of Tyrnafos which is as follows:

"The hill of Lesdaki, the most important dominant point to the north of Larissa, was taken by the Ottoman troops on Friday. Hamid Pasha's division having left Koskesi (Karya) effected a juncture with the other imperial troops at Miloorin. The town of Tyrnafos, which is situated two hours from Larissa, is occupied by the Ellassona army corps."

The Ottoman troops continue to advance toward the plain of Larissa.

Ahmed Hifsi, commander of the Turkish forces in Epirus, telegraphs that the Turks have recaptured Pentepigadia fortress. The Greeks had 300 killed, 219 wounded. The Turks had 51 killed and 3 wounded; and they captured 62 Greeks. A large quantity of stores, ammunition and Gras rifles were abandoned by the Greeks.

A dispatch from Smyrna says that the Redifs, who were called out Saturday are intended for the towns of Smyrna, Vurta and Scalanova, in order to prevent disturbances by the Greek residents there.

The sultan has conferred high decorations upon Edhem Pasha and upon the commanders of the six divisions of the army engaged in Grecian territory.

NOT DISCOURAGED.

Prince Ferdinand of Bulgaria Is Preparing For War.

BERLIN, April 26.—The visit of

Prince Ferdinand of Bulgaria to Berlin was an event of more than ordinary importance. The prince's audience with the emperor was not satisfactory. His majesty strongly dissuaded the prince from engaging in warlike enterprises, and plainly warned him of the unpleasant consequences.

Prince Ferdinand, however, was apparently not discouraged, for he entered into negotiations with Berlin financiers for raising a Bulgarian loan, and also entered into negotiations with the Krupps for a supply of quick firing and heavy guns.

SULTAN'S DIPLOMACY.

The Threatened Trouble With Bulgaria and Servia Warded Off.

CONSTANTINOPLE, April 26.—It is said here that the sultan has promised the Bulgarian diplomatic agent to grant three berats (warrants for the appointment of Bulgarian bishops in Macedonia) as soon as the war with Greece is over.

The Servian minister has also secured imperial irades replacing the Greek metropolitan. Ambrosius, at Uskub, by a Servian, and granting the privilege of opening numerous Servian schools in the vilayets of Monastir and Salonica.

Greek Fleet Bombarding Nicopolis.

LONDON, April 26.—The Morning Post's correspondent at Arta says that the Greek fleet is bombarding Nicopolis, two hours sail from Prevesa. He said: "I deeply regret to say that Clement Harris, the English volunteer and son of Admiral Harris, was killed at Pentepigadia."

SENATE AND HOUSE.

No Business Will Be Transacted This Week in Either Branch of Congress.

WASHINGTON, April 26.—There will not be a quorum in the senate during the present week owing to the absence of a large number of senators in New York, in attendance upon the ceremonies over General Grant's tomb. Consequently no business of importance will be transacted. Probably a majority of the senators desire to adjourn from Monday until Thursday and from Thursday again until Monday, without transacting any business of general moment, and this program is likely to be followed. If the wish of the Republican members of the finance committee is acceded to, the tariff bill will be reported Thursday, but it is most probable that this will be postponed until next week. The work of preparing for the reorganization of the senate committee will proceed informally.

Under the arrangement made Friday the house will transact no business this week. The house will meet formally today and adjourn until Thursday when an adjournment will be taken until Monday.

EFFECT OF THE DINGLEY BILL.

Two Big Canadian Factories Have Closed Down on Account of the Tariff.

MONTREAL, April 26.—W. C. McDonald, the largest manufacturer of plug tobacco in Canada, employing 700 hands, has closed his factory in this city because of the uncertainty of the clause in the new tariff bill relating to the increase of the duty on tobacco.

The Dominion Wire company, whose factory is at Lachine, closed their barbed wire works on Saturday in consequence of the placing of barbed wire on the free list. They employ about 300 men. A representative of the Consolidated Steel company of Pittsburg is at present in the city to get the business.

Negroes All Run Out of Town.

ARDMORE, I. T., April 26.—As a result of the warning given to all the negroes in the town of Davis last week by a mob of masked white men, not a colored man remains in the town. The federal grand jury, which was called together by Judge Kilgore to investigate the outrages, examined a small army of witnesses, but reported that it had been impossible to identify any of the raiders. When it became known that no indictments had been returned, the colored people hastily quit the town. The murder of a white man by a negro was the preliminary cause of the trouble at Davis.

Rear Admiral Meade Seriously Ill.

WASHINGTON, April 26.—The condition of Rear Admiral Richard W. Meade, retired, who has been ill here for some days, is not favorable. About 10 days ago he was operated upon for appendicitis. Until yesterday an improvement was noticeable. In the afternoon the admiral had a chill which left him in a weakened condition. From this there was some rally, but he is yet very weak and only takes liquid nourishment. If no new complications arise, his physicians believe the admiral may recover.

In the corner of the room the officers discovered a white shirt, on the sleeve of which were some small blood stains.

Old Envelope Trick.

JACKSON, O., April 26.—A man who gave his name as Smith swindled a number of Jackson merchants on the old, moth-eaten envelope trick. He wanted coin changed for a \$5 bill. He placed the bill in an envelope, and then discovered he had only \$4.85. He went after the change, giving the merchant the envelope to keep until he returned. The envelope he gave the merchant contained a blank piece of paper. He didn't return.

ADDED TO THE FLOOD

Heavy Rains Through the Mississippi Valley.

FEARS OF MORE DESTRUCTION.

The Levees Are Soft and Mushy and With a Continued Precipitation It Is Feared That the Embankment Will Give Way. Great Destruction Done by a Flood in Iowa.

MEMPHIS, April 26.—Yesterday was a rainy and threatening Sabbath in the lower delta country, and the Louisiana levees are being taxed to their utmost. At Natchez the river gauge shows a rise during the last 24 hours of one-tenth of a foot. Showers prevailed in this section all day, and last night a steady downpour was reported. The levees are soft and mushy, and with a continued precipitation, it is feared that the embankment will give way.

A telegram from Clayton, La., states that the Tensas river has risen over one foot in the last 24 hours and the swift stream is full of heavy drifts. The backwater from the Biggs crevasse is showing itself near Vidalia and it will inundate many acres of rich land in that section.

At Greenville the river fell two-tenths of a foot in 24 hours.

At Memphis a fall of one-tenth of a foot is recorded.

The river at Cairo is falling at an increased rate. The big stream has dropped nine-tenths of a foot during the last 24 hours and the gauge now reads 42.7, or 2.7 feet above the danger line. Rain is falling at Cairo and the weather is somewhat cooler.

FIGHTING THE FLOOD.

Weak Places in the New Orleans Levees Being Strengthened

NEW ORLEANS, April 26.—The river is still 19 feet above low water, and the fine stretch of weather has enabled the levee forces to hold the banks despite the terrific strain. The fight is a costly one, as can be judged from the fact that the last week's work on the Carrollton levee, about one-fiftieth of the city system, cost \$14,000.

A number of weak spots have been added to the list, but the levee boards have gone promptly to work in all cases and danger has been bridged over.

Captain Derby of the United States engineers has already begun arrangements to rebuild the levees where defective, and the levee board across the river has turned over three levees to the government's supervision.

FLOOD IN IOWA.

All Railroad Traffic Has Been Abandoned at Ottumwa.

OTTUMWA, Ia., April 26.—The river broke the levees Saturday night and flooded the bottoms, carrying several houses down stream. In some places the water is above the first-story of the houses. One Burlington main line track is impassable, and hundreds of men are at work attempting to prevent damage to the other line. The situation is critical and it is not believed that the Burlington will keep the main line open.

The Wabash and Milwaukee tracks are gone here for a distance of 200 feet and the other roads are tied up. The Rock Island has miles of track under water. No attempt is being made to run trains. The river is still rising slowly.

DISASTERS IN INDIAN TERRITORY.

A Series of Cloudbursts, Heavy Winds and Rainstorms.

EUFULA, I. T., April 26.—A series of cloudbursts, heavy winds and rainstorms occurred in and around Eufaula all of Saturday night, and extended over about 100 square miles of territory. The rain fell in torrents and was the heaviest for 50 years. Farmhouses, fences and crops were washed away to an extent amounting to a calamity. The North Canadian railway bridge is so badly damaged that no trains can cross and it can not be repaired for 24 hours. The southbound passenger train had scarcely passed it at 9:45 last night, when the south end gave way. Many trains are tied up at this point and there is a series of washouts for 20 miles that are impassable for the present.

The damage to crops is beyond estimate, nearly every acre of ground for many miles in all directions will have to be replanted, many farms are entirely under water. Several covered wagons floated down the South Canadian river accompanied by small houses and household furniture. All ferryboats are washed away and communication cut off.

So far no news of loss of life has been received.

A cyclone passed about five miles south of town, destroying some houses and killing some cattle, but full loss can not be ascertained at this hour.

The rivers are now falling, but repairs can not yet be made on the railway bridge.

NEW YORK, April 26.—Abram S. Peich, since 1873 a member of the editorial staff of the New York Staats Zeitung and for the last year the editor of the Sunday issue, died yesterday of pneumonia after a short illness.

LONDON, April 26.—The Duchess of York was safely delivered of a daughter at York cottage, Sandringham, at half past 3 o'clock yesterday afternoon.

The Bradleyites are claiming the honor of nominating Dr. Deboe for Senator. All the same he was the choice of Dr. Hunter, and without the Hunter support Deboe wouldn't have been in it a little bit.

ACCORDING to the returns of the Auditor of State the total assessment for four years of Louisville banks, under the recent decision of the Appellate Court, is \$61,127,199.58. Tax receiver McCullough figures the tax on this for four years to be \$1,234,563.94—a pretty snug sum Louisville will receive.

THAT "numerously signed" telegram sent by Mason County Republicans to Frankfort Friday evening in the interest of Judge Holt didn't have much effect. Dr. Deboe, of Crittenden County, got the caucus nomination for Senator. In defeating Judge Holt, however, the Republicans turned down one of their ablest and best men.

THE Springfield (Mass.) Republican expresses the belief that "the great Republican tide has reached its height, and the ebb backward seems to have begun." Here is a significant pointer. Last fall every town in Schenectady County, N. Y., was carried by the Republicans. At the recent election every town in the county, except two, was carried by the Democrats.

PRESIDENT McKINLEY reminds the Indianapolis Sun of the old woman whose cure-all was boneset tea. When one of her children cut his thumb she gave him boneset tea. When another had cramps she gave him boneset tea. When still another was afflicted with stone-bruise, boneset tea was poured down his unwilling gullet. Mr. McKinley's cure-all is a tariff, a high tariff, a tax on necessities as well as luxuries. For all our ills—cut thumbs, cramps and stone-bruises, he prescribes a high tariff. And there you are.

Even that great paper Harper's Weekly, that did so much to help the Republicans elect McKinley, isn't satisfied with the new Republican tariff bill, especially the olsen schedule. In a recent article, it says:

The history of the tariff on woolen goods furnishes an interesting illustration of the futility of high duties to raise revenue. In 1890 the average rate on woolens was about 69 per cent., and the revenues were \$37,440,051. The McKinley act increased the rates to about 98 per cent., and the revenues from this source fell off to \$19,061,936 in 1894. Under the Wilson act, which reduced the rate to about 48 per cent., the revenues began to increase at once, until in 1896 they were \$23,121,474. In view of these figures there ought to be no further pretense that the proposed tax on woolen goods, which is higher than that levied under the McKinley act, is for the benefit of the exhausted revenues. It is clear that the people who are responsible for this bill are indifferent as to whether or not the government's revenues equal its expenditures. If they were not, they would be devising methods of economy, instead of renewing the old measure "to reduce the revenue," &c., by increasing the burdens of taxation.

It is evident, besides, that the bill is gradually becoming the nucleus of a socialistic movement. Many persons who have hitherto opposed taxation of this character seem ready to accept the policy underlying it, provided they and "their people" can share in the plunder. Democrats from the South who followed Bryan for their share, in the form of bounties on the products which they export. A good deal of trouble and anxiety is sure to follow the passage of this bill; and, to crown the outrage, the House has undertaken to make the taxes retroactive, so that goods ordered and imported between April 1st and the day on which it really goes into effect shall pay duties not yet determined. This is another assault upon the revenues of the government, for merchants will not import more than is absolutely necessary while they are ignorant of the tariff tax finally to be imposed upon their goods.

A CARD FROM REV. W. W. HALL.

MORANSBURG, April 24th.

Editor Bulletin—Dear Sir: I see in your paper today that I am on the ticket as a candidate for the office of Representative, subject to the will of the Democratic party as determined by the primary election on the eighth of May. It appears from the style of the article that I have no choice in the matter. It is not left for me either to accept or decline the position. I can not say that I am running. I am compelled to say that I am being run. I am left free, however, to say to my friends, that I appreciate, more fully than I can express, the evidence they have given of their heart-relation to me. Now, as they are in the saddle, controlling reins, whip and spurs, it is to be hoped that they will bring me under the wire with sufficient space to place my success beyond the possibility of doubt in the minds of the judges. I regret that for lack of time I can not see all of my friends personally, which it would be a pleasure to do. Respectfully,

W. W. HALL.

CONFEDERATE VETERANS.

Their Seventh Annual Re-union to be Held at Nashville June 22nd, 23rd and 24th.

The United Confederate Veterans will hold their seventh annual reunion at Nashville on the dates above named.

Business of the greatest importance to the survivors of the southern army will demand careful consideration during the session—such as the best methods of securing impartial history, and to enlist each State in the compilation and preservation of the history of her citizen soldiery; the benevolent care through State aid or otherwise of disabled, destitute or aged veterans and the widows and orphans of our fallen brothers in arms; to consult as to the feasibility of the formation of a U. C. V. Benevolent Aid Association, the care of the graves of known and unknown dead buried at Gettysburg, Fort Warren, Camps Morton, Chase, Douglas, Oakwood Cemetery at Chicago, Johnson's Island, Cairo and at all other points, to see that they are annually decorated, the headstones preserved and protected, and complete lists of the names of dead heroes with the location of their last resting places furnished to their friends and relatives, thus rescuing their names from oblivion and handing them down in history; the consideration of the different movements, plans and means to aid in building monuments to great leaders, soldiers and sailors of the South; also to assist in the promotion and completion of the proposed "Battle Abbey," to vote upon the proposed change of the name of the association from U. C. V. to C. S. A., and to change the present badge or button which is not patentable for the new one proposed which is, and to make such changes in the constitution and by laws as experience may suggest, and others matters of general interest.

Total number of camps now admitted 900, with applications in for about 150 more. The reunion will be the largest and most important ever held.

SHORTAGE IN FEEDING CATTLE.

The West is Now Drawing on the East to Replenish Her Stock.

Nothing more clearly indicates the shortage in feeding cattle than the fact that during the past few weeks Buffalo has been shipping feeders to Chicago, says the Breeder's Gazette. Some of them were Canadians. This reversal of the natural trend of trade is very significant.

The West has for years been the breeding ground and its lean stocks have been shipped East to be fattened on the corn and blue grass of the Mississippi and Ohio Valleys.

It is surely an anomalous condition when the West reaches out to the East for stocks to consume its corn and grass. The eager appetite of the ranchmen for pedigreed breeding cattle is sufficient evidence of the low ebb in breeding operations, but it is confirmed and emphasized by this wholly unnatural flow of feeding cattle from the East westward.

It is a dull eye that cannot discern the signs of the times; it is an improvident farmer who does not order his course thereby.

KENTUCKY REPUBLICANS.

Senatorial Fight Has Caused Scandal Enough To Leave An Indelible Stain on the State.

The Kentucky Republicans have given a foolish exhibition of personal squabbling, and they have clearly proved that they are sorely in need of a leader who can point the way to continued Republican control of the State.—Cleveland Leader.

If money has been used in the Kentucky Legislature it is safe to say that here is a case where it will not talk.—Salt Lake Herald.

With charges of bribery and corruption constantly exchanged between the Hunter and anti-Hunter factions in the Kentucky Legislature, it is small wonder that decent Republicans are disgusted at the Frankfort exhibition. President McKinley has good reason to frown at such a spectacle of wrangling over a Senatorship of which his party stands now in such need.—Boston Globe.

Whatever may be the outcome of the Kentucky Senatorial contest, it has already occasioned scandal enough to leave an indelible stain on the State.—Boston Journal.

The Telephone Worked.

[Exchange.]

According to a Kentucky paper, when the telephone was first introduced in that State an old farmer who did not exactly understand the working of the invention bought a new pair of boots for his son, who lived down in Texas. He hung the footwear across the wire at sundown one evening. During the night some one took the boots and placed a pair of old ones across the wire. Next morning the old gentleman went out and, to his delight, he saw the old boots. He hastened into the house, exclaiming to his wife: "Say, Sal, this here tellerphone is the best thing yet. John got his boots last night, and I'm blasted if he didn't send the old ones to me."

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at J. J. Wood's drug store.

A card on the outside of office doors says: "Gone to lunch. Be back in ten minutes." And the man will be there on time. That is, for some weeks, or even months, he will. Then he will be at home occasionally for a day. He'll tell you he had a headache—a turn of cholera morbus, or maybe he'll say he had a lump in his stomach and felt too miserable to move. The lump was probably two or three ten-minute lunches condensed.

The man who "bolts" his lunches will find Dr. Pierce's Pleasant Pellets the best friend he ever met.

There is no case of biliousness, constipation, indigestion, "heart-burn" or any of the rest of the night-mare breeding brood, that these little "Pellets" will not cure. They cure permanently. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1098 page "Common Sense Medical Adviser," profusely illustrated.

ENTITLED TO THEIR FEES

In Felony Cases, Are Police Officers—Important Decision of the Court of Appeals.

LEXINGTON, Ky., April 23.—By the decision of the Court of Appeals at Frankfort to-day, in the case of Michael Burke against the city of Lexington, twenty-seven men who were and some of whom are still members of the local police force are to receive fees for felony arrests to the aggregate amount of \$5,000.

On the adoption of the new charter for the city of Lexington in 1894, the police were compelled to turn over their claims for fees to the City Treasurer.

The police protested and brought suit to test the validity of the order. The decision of the Court of Appeals not only grants to the police the fees since 1894, but gives them the power to claim them in the future.
